carnivores include some of the most impressive dangerous and mysterious animals in the world
 hans kruuk has spent his life studying them against magnificent backdrops from the serengeti
 savannahs and kalahari deserts to the scottish highlands from the galápagos islands
 east in each location he has used meticulous observation of animal behaviour to understand the
 ecology and natural history of wild carnivore populations and ultimately to promote their
 conservation this book describes the methods challenges and rewards of the science of
 behavioural ecology however it essentially concerns the personal rather than the scientific side of
 that work and above all the field experiences involved with photographs and line drawings it
 brings to life african safaris the hyena in his bath flights with vultures dives with otters attacks by
 a badger in scotland and by feral dogs in galápagos gull eating hedgehogs in britain and the role
 of animals in african witchcraft the author communicates his lifelong fascination with wildlife
 through these unique experiences and the insights they afforded him professor kruuk is a leading
 authority on animal behaviour and the author of classic studies of hyaenas otters and badgers as
